

STIPEND APPLICATIONS

The Florida Association of Museums Foundation strives to provide the highest level of educational services to museums throughout the entire state. However, sometimes museums are not able to participate because of budget restrictions or geographic location. As part of the Historic Preservation for Cultural Institutions Workshop, we are pleased to offer Professional Development Stipends to help defray the costs associated with attending this important full-day workshop.

Funding Source: The program will be funded by a grant to the FAMF from the Historic Preservation Education Foundation and the Florida Department of State, Division of Cultural Affairs. The number of stipends awarded will be predicated upon the amount of grant funds made available.

Awards: Awards are based on need and priority will be given to those residing in rural areas or with a budget of \$250,000 or less. Preference given to individuals who are currently working in a small museum/cultural institution – defined as a non-profit, 501(c)(3) museum with an operating budget of less than \$250,000. The individual must reside in Florida and be working in a museum/cultural institution located in Florida.

Stipend will cover the full workshop registration fee and may also assist with travel through an allowance, which must be used to offset transportation and/or lodging costs. All stipends will be reimbursed after the workshop. Only one (1) stipend per museum.

Recipients of the stipends may be asked to write an article with reflections on the workshop for possible inclusion in the FAM newsletter and organizational website.

Application Deadline: First come first served. 1st priority will be given to those who have already registered for the workshop and who request a stipend by March 23rd.

Sponsored in part by the Historic Preservation Education Foundation and the State of Florida, Department of State, Division of Cultural Affairs.
